

THE MEXICAN CRISIS WAITS

No Issue Till Wednesday, as Congress Adjourns Over Fourth

CARRANZA REPLY NOT YET RECEIVED

Lansing Asks for \$300,000 to Use in Aid of American Refugees

Washington, July 3.—With the adjournment of the House at Washington Saturday night over the Fourth of July, it became highly improbable that the crisis between the United States and the de facto government of Mexico would come to final issue before Wednesday at the earliest. Despite growing impatience over Gen. Carranza's delay in complying with demands that he state his intentions toward American troops in Mexico, President Wilson made no move Saturday toward laying the situation before Congress. Officials believe he will wait some days at least for a reply to the note sent last Sunday, provided there are no further attacks upon Gen. Pershing's men in the meantime.

There were no official dispatches Saturday dealing with the probable tenor of the new Mexican note. Private messages had nothing to add to the gloomy outlook they reflected Friday. In fact there were no developments of any sort during the day in the diplomatic situation.

In Congress, the Senate military committee prepared to increase by probably more than \$100,000,000 the army appropriation bill as it passed the House. The committee now has approved increases totaling \$75,000,000. It is expected the House will reach a total of more than \$300,000,000 when reported to the Senate. Among items added Saturday were \$13,000,000 for the army aviation service, including provision for equipping 12 National Guard aviation squadrons, \$1,545,490 for the signal corps, \$12,200,000 for National Guard field artillery and ammunition, \$4,586,000 for machine guns, \$1,000,000 for armored motor cars and \$5,000,000 for ordnance stores.

In the House the appropriations committee faced another angle of the Mexican trouble. Secretary Lansing called for an additional \$300,000 to get Americans out of Mexico. From Secretary Baker came hurried estimates of \$1,643,500 to meet emergencies on the border. The money is needed to buy equipment for the National Guard, ranging from machine guns to engineer implements. An item of \$450,000 is for the purchase of 250 machine guns which were destined for use on European battlefields, but have been diverted to American uses.

Reports to the war department during the day continued to show satisfactory progress in the military preparations for any eventualities on or beyond the border. Recruiting for the regular army increased more than 100 per cent during the week ending at noon Friday, following an increase of more than 50 per cent the preceding seven days. A total of 2036 men were sworn in last week as against 110 the week before. The preceding average weekly enlistment was in the neighborhood of 700.

During the 100 days of recruiting under the authority granted by Congress to increase the regular army immediately after the Columbus raid, a total of 13,406 applicants for enlistment. New York City led the recruiting last week with 1024 men accepted against 273 the preceding week; Chicago was next with 897 against 227, and San Francisco third with 421 against 81.

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told my husband if he did not do something for me I would not last long and told him to get my medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

Big Delegations Coming to Annual Meeting of the Greater Vermont Assn.

Reports received by the Greater Vermont association indicate that the attendance at the annual meeting to be held at Montpelier on July 12 and 13 will surpass the attendance at the annual meetings in 1914 and 1915. Brattleboro, Bellows Falls and Rutland expect to send parties of 50 or more. Forty tickets to the dinner have already been sold at Bennington. The report from Lyndonville several days ago was to the effect that 18 tickets had already been sold. The newly formed Board of Trade at Brandon will send a party of 25. Other boards are working on plans to send from five to 25 representatives. The association is urging every com-

munity in the state to send delegates and thus to have a part in these meetings and conferences which will aim to speed up the "big drive" for progress and development which is on throughout the Green Mountain state.

Easy Way to Get Rid of Itching

Don't worry any more about that itching skin-trouble. Just get a jar of resitol ointment and a cake of resitol soap at any drug store. With the resitol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resitol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Choosing Your Shampoo Soap

If you select a soap that contains soothing, healing properties like the resitol balsams in resitol soap, you are not likely to have trouble with dandruff, loss of hair or itching scalp. Ideal for the youngsters' heads.
